**2018 AGM Resolution:**

**Mover: Sackville**

**Subject: Automatic funding from LSDs for Recreational Infrastructure and Services**

---

**Whereas** municipalities provide a great deal of recreational infrastructure and services within their municipality that are used by local service districts; and

**Whereas** in most municipalities the cost of these services which are used by many people in local service districts are borne 100% by the municipalities; and

**Whereas** the only current funding mechanism involves a complex and difficult process whereby a municipality must request funding from each local service district in their area; and

**Whereas** some local service districts may agree to funding and others may not thereby possibly creating inequities amongst areas contributing to these services;

**Be it resolved that** UMNB lobby the province of New Brunswick to enact appropriate legislation which would enable automatic funding from local service districts through their tax rates to be provided to municipalities for the purpose of providing recreational infrastructure and services.
