

U-18-10
2018 AGM Resolution
Mover: Zone 4

Subject: Physician hours of practice and billing positions

Whereas physicians working in New Brunswick work from billing number positions assigned to a community, and the physician retains this billing position regardless of their status of having fulltime practice or full patient load within the community they practice, and

Whereas this type of system restricts the community in having adequate Physician coverage as they are bound by the Billing position held by the physicians. It also restricts the physician in needing to decrease his practice, without penalizing the community, and

Whereas every Resident needs the ability to practice and retire as he or she wishes and every community needs the ability to give its resident access to unrestricted health care providers.

Be it resolved UMNb lobby the Department of Health to create a new Billing position system wherein Physicians who work fulltime or Part-time practice hours are permitted to do so without it having a detrimental effect on the community in which they serve. This system will permit communities to have full coverage determined by population data studies regardless of whether a physician holding the billing position is working Full time, Part time or just decided to keep his billing position number.
