

Public Meetings, Simplified.

eScribe is an end-to-end meeting management platform designed for the public sector. From easy meeting minutes and agendas to public posting options, it's packed with powerful tools to save time, simplify collaboration, and improve accessibility so public meetings are easier for everyone.

Save Time

- Quickly build repeatable templates for meeting minutes and agendas.
- Take roll call, record votes, and tally results for digital display.
- Add and manage follow-up tasks for every meeting so nothing is lost or forgotten.
- Use search functionality to find whatever you're looking for instantly.

Streamline Collaboration

- Customize approval workflows for meeting documents and packages.
- Seamlessly collaborate on documents, minutes, and motions within Microsoft Word.
- Conduct meetings and activate agenda items in real-time.

Improve Accessibility

- Live stream meetings with automatic closed captioning.
- Keep meetings orderly and accessible with speaker lists and requests to speak.
- Instantly publish meeting items to your community's public website.

Whether you're preparing agendas or minutes, collaborating on documents, conducting meetings, taking and calculating votes, or even just trying to find that one item you're looking for, eScribe makes it easy.
